

# Yaren Durmaz

I graduated from Istanbul Kultur University, Department of Mathematics-Computer Sciences. I once worked as a volunteer in a youth organization called AIESEC. I participated in some volunteer programs provided by my university. I took on various duties at my school when necessary. I'm learning HTML/CSS and JavaScript. At the same time, I am improving my English and learning Spanish. I studied Search Engine Optimization in my graduation thesis. I aim to advance my career in the Front-End field.
